Attention: Charles Benayon

Dear Charles:

We've recently celebrated our one year anniversary of partnership with Aspiria. We made the decision to move to Aspiria based on the comfort of knowing that your team would partner with us to provide the best service to our employees both in need of crisis and everyday living. We've been extremely happy with both the service our employee's have received when they've been in need but also the Management with the flexibility and ability on the team at Aspiria to turn on a dime. In our business, the ability to leverage change quickly means a great deal. Aspiria has certainly proved to all of us that this was indeed the right fit our 5500 employees across Canada.

There have also been numerous times, too many to count to be honest, where we have a request for data and with the dial of a number or an email I've always had very quick accurate service from members in your team.

Thank you for the exceptional service from all of us here at Sysco Canada, Inc.

Sincerely,

Beth Worthington
